CABERNET SAUVIGNON

Lodi, Ca.

100% of these grapes come from a single-vineyard nestled at the edge of the Sierra Foothills just below the winding Mokelumne River in the Clements Hills appellation of Lodi, California. The gnarled vines thrive in a unique Mediterranean micro-climate where they are bathed in golden sunlight and cooled by Pacific breezes. A swirl of the glass will show off this wine's brilliant, ruby-purple hues and excellent structure while releasing aromas of cherry mint, dark chocolate, figs, and eucalyptus. Light bodied tannins are bursting with flavors of ripe blackberry, rhubarb, anise, and a hint of tobacco.

PAIRINGS

A new-world style Cabernet Sauvignon with medium acidity *œlan* will match great with most grilled meals; steak, chicken, fish and veggies. Try braised beef short ribs and garlic chicken wings next to bacon wrapped asparagus for a tasty experience, or, pour a glass and grill up your favorite burger.
