

CHARDONNAY

Sierra Foothills, California

This elegant wine's grapes emanate from the unique wine growing region of the Sierra Foothills where warm, sunny days are followed by cool, crisp nights. Aromas of dewy grass and grapefruit are followed by refreshing flavors of green pear and citrus. The wine was left unoaked delivering a light bodied and truly personal tasting experience.

PAIRINGS

This Sierra Foothills Chardonnay displays yellow and green fruit flavors with medium plus acidity. Most poultry pasta dishes will pair nicely or meaty seafood like halibut and prawns.
